Development of the WCPS Strategic Plan

Assessing the Current Situation

Conducted 'Continue, Start, Stop' activity with WCPS leadership.

Analyzed end-of-year student assessment data.

Revisited previous WCPS Strategic Plan.

Conducted one-on-one meetings with leaders from the community and WCPS leadership.

Examined current trends in education.

Participated in professional development to identify best practices and new initiatives.

Developed WCPS One-Page document to market and celebrate successes.

Realizing the Possibilities

Held Town Hall Meetings to hear public comment on Capital Improvements.

Discussed plans and ideas with Superintendent Advisory Groups involving students, teachers, and parents.

Formed a Strategic Plan Committee to assess, develop, and implement our process for creating the WCPS Strategic Plan 2020 Vision.

Reviewed Strategic Plans from other successful school divisions to gain insight on format, process, and design.

Developed plans to gather stakeholder feedback.

Creation of the Survey Instrument

Analyzed previously used survey instruments from other successful school divisions.

Studied survey instruments utilized in scholarly research.

Developed sample questions and analyzed their effectiveness and intent.

Began with the notion of 'what do we want to know?', and built survey questions to best gather that vital information.

Finalized an online survey that would be delivered to our students, staff, and school community.

Survey Distribution

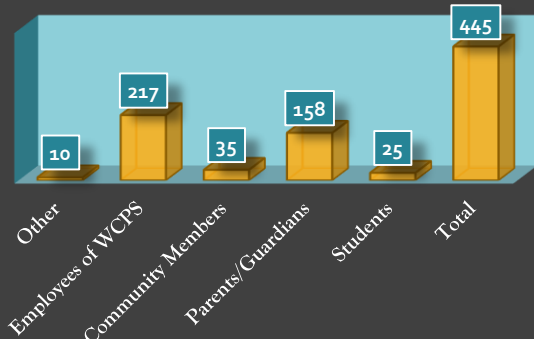

Staff and School Community Survey

Revealed the WCPS Strategic Plan Survey to the Wythe County School Board on November 7, 2019.

Posted the survey on our division website and social media sites.

Gathered survey data from November 8 – 22, 2019.

STAFF AND SCHOOL COMMUNITY SURVEY PARTICIPANTS

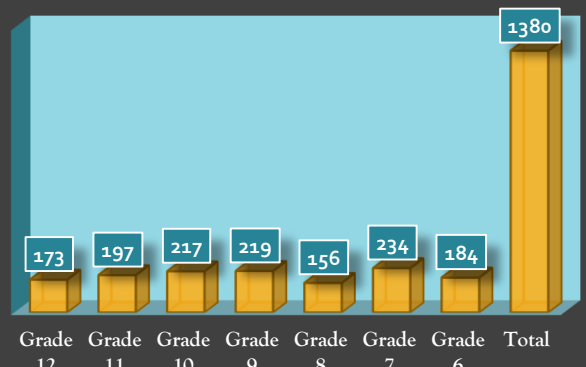

Student Survey Grades 6-12

Received more feedback from the ones that matter the most – our students.

Delivered the survey to WCPS students in grades 6-12.

Gathered survey data from February 17-18, 2020.

STUDENT SURVEY PARTICIPANTS

Analyzing the Survey Results

Comparison of the top 3 choices for each question from both surveys

Identify the greatest challenges facing WCPS over the next 5 years.

Staff and School Community Survey

1. Maintaining smaller class sizes
2. Hiring and retaining high quality educators in an increasingly competitive market
3. Capital improvements

Student Survey Grades 6-12

1. Capital improvements
2. Keeping up-to-date with technology hardware
3. Maintaining smaller class sizes

What enhancements or additions to academic programs would you like to see WCPS implement?

Staff and School Community Survey

1. Dual Enrollment for career & technical education, science, and history
2. HVAC courses and certification (heating, ventilation and air conditioning)
3. Teacher preparation

Student Survey Grades 6-12

1. Additional world languages
2. Fine arts/Graphic design/Health sciences (3-way tie)
3. Dual Enrollment for career & technical education, science, and history

What are the essential skills and abilities that our students should master in order to be successful?

Staff and School Community Survey

1. Ability to organize, prioritize, set goals, and manage time
2. Communication skills (writing, public speaking, and listening)
3. Good citizenship traits (volunteerism, respect for others, and civic/government)

Student Survey Grades 6-12

1. Ability to organize, prioritize, set goals, and manage time
2. Communication skills (writing, public speaking, and listening)
3. Critical thinking skills

What are the financial priorities for WCPS over the next 5 years?

Staff and School Community Survey

1. Competitive salary scale and benefits package for teachers and administrators
2. Ensure students have quality, up-to-date educational materials in the classroom & media center
3. Maintain clean, safe, and energy-efficient buildings

Student Survey Grades 6-12

1. Maintain clean, safe, and energy-efficient buildings
2. Continue to offer dual enrollment courses at no cost
3. Up-to-date technology in classrooms and offices

WYTHE COUNTY PUBLIC SCHOOLS

WCPS

The Future Begins With Us

Commitments

As a result of receiving valuable feedback,
engaging in meaningful dialogue,
and thoughtful reflection,
Wythe County Public Schools
is committed to the following:

We are committed to treating our students as our greatest resource.

We are committed to providing our students the skills necessary to thrive in a global society.

We are committed to establishing high expectations in all areas of our school division.

We are committed to delivering instruction designed to accommodate individual learning styles
and diverse student needs.

We are committed to utilizing technology daily, and exploring opportunities to expand
our technological capabilities.

We are committed to providing a robust and rigorous program of studies.

We are committed to maintaining open and effective communication with our students,
staff, and school community.

We are committed to the intentional use of data to inform and advance student
learning in all areas.

We are committed to actively engaging all students in a wide variety of learning activities.

We are committed to providing supportive, clean, inclusive, and safe learning environments.

We are committed to adopting innovative programs, allocating resources, and critically evaluating
current practices to ensure academic excellence.

Strategic Plan 2020 Vision

By the end of the 2021-2022 School Year,
Wythe County Public Schools will work towards
accomplishing the following goals:

- Develop an equitable and effective distance learning instructional plan for students and staff.
- Provide updated educational technology and facilities to students and staff.
- Develop and refine school-based programs and division initiatives that meet the social and emotional needs of all students.
- Increase academic achievement as measured by student progress and growth on district and state assessments.
- Provide professional development and supports to improve teacher and staff effectiveness.
- Maintain competitive salaries and benefits for employees.
- Strengthen and maintain meaningful relationships with local governing bodies, community organizations, and business partners.
- Provide updated, effective, and equitable instructional resources to students and staff.
- Develop a program of studies that provides students with educational choice to meet their diverse needs.
- Build career, business, and vocational opportunities for secondary students.
- Develop and implement the next phase of capital improvement projects.
